

Just in Time for Mother's Day

Our St. John XXIII Community Garden is having a fundraiser to help us with the needs of starting up this project.

On May 1/2, we will be selling certificates after all Masses to purchase a 10-inch hanging basket from Lenik's Greenhouse. This is the last chance for Mother's Day baskets. Certificates must be redeemed by 5:00 pm, Sunday, May 2. There will be a large selection of baskets to choose from at Lenik's Greenhouse in Finleyville. The cost is \$18.

We will also be selling a certificate for a flat of flowers, herbs or vegetables. The flat contains 8 – 4 packs of either herbs, flowers or vegetables. There will be a large selection to choose from. Certificates for flats will continue to be sold after

Mass this weekend and then through the church offices until May 31. The cost is \$18, and certificates for the flats can be redeemed until June 20.

The certificates are also available in both parish offices. Checks can be made payable to St. John XXIII Parish. Not a flower lover? Consider making a donation to this worthwhile community project to help provide fresh vegetables to the Finleyville Food Pantry.

Thank you!
